

These tools are provided to you FREE of charge.
PLEASE TAKE CARE OF THEM.
By checking out this box, you are responsible for making sure that they return complete, and in the same condition.

That means:

- ★Use the tool for its intended purpose (ie. a screwdriver is not a prybar, a wrench is not a hammer).
- ★Keep track of all of your tools
- ★Use the correct size wrench
- ★DON'T FORCE ANYTHING
